HackerRank Research Assignment

- Queen's Attack II (https://www.hackerrank.com/210405jwabachweek5-research-assignment)
- Due date for this assignment is Friday (5/7)
- The goal of this assignment is for you to practice both solving this problem as well as articulating your approach to solving the problem
  - So, I will have a HackerRank contest set-up that you can use to see the problem and provide a submission
  - And, you should be providing some sort of presentation (probably using something like Powerpoint w/ maybe some diagrams or just steps of how you went about breaking up the problem and solving each part of it
